security and  
monitoring

Proprietary  
fiber optic  
network and  
Carrier  
Neutral

## POWER

- 14 MVA of total power;
- Dual diesel fuel storage tanks with 48 hours of fuel autonomy without refueling;
- Tri-bus redundancy system (three power lines servicing each data hall).

## COOLING

- Dual coil cold water chiller system;
- Isolated technical corridors for equipment maintenance;
- Airflow using a 1 meter raised floor.

## CONNECTIVITY

- Connectivity by proprietary fiber optic network and with main carriers;
- Dedicated Telecom meet me rooms;
- Carrier Neutral;
- Direct connectivity to multiple submarine cable landing stations via the company's owned fiber network.

## SECURITY

- 24/7 Monitoring using CCTV cameras with high-definition automatic movement detection, digital recording and image storage for more than 90 days;
- Dual authentication for access control using biometric and magnetic cards;
- 24x7 on-site monitoring and security team.

## Strategic location

Fortaleza Data Center is located next to one of the Northeast region's largest industrial districts. Additionally, this Data Center is directly connected with the landing stations of the submarine cables at Praia do Futuro.

Travessa quatorze, 1161 Posição I - Alto Alegre II - Maracanaú / CE

**21**  
Data Centers

Power capacity in 2020

## About Ascenty

Ascenty is a Digital Realty and Brookfield, company and Latin America's largest data center provider, with 21 data centers in operation and/or under construction, interconnected by a dedicated fiber-optic network spanning across more than 4,500 kilometers. The company has developed and operated world-class data centers since 2010, serving some of the world's largest technology companies. In line with Ascenty's expansion project, the company received strategic investment from Brookfield, one of the largest asset managers in Brazil in the segments of infrastructure and private equity. With Digital Realty, it is part of a global network of more than 210 data centers located across North America, Europe, Latin America, Asia and Australia.
